

**TECHPOINT
FOUNDATION
FOR YOUTH®**

Building Indiana's STEM Future

OUR MISSION

To ensure Indiana's underserved and underrepresented K-12 students have access to experiential learning opportunities that increase STEM knowledge and inspire STEM career exploration.

WHO WE ARE

TechPoint Foundation for Youth (TPF4Y) is the leader in Science, Technology, Engineering & Mathematics (STEM) education efforts for the state of Indiana and has been inspiring students through STEM programming since 2001. We believe our youth should be equipped to fulfill the growing demand for a skilled workforce.

WHAT WE DO

We are a unique resource strategically positioned to bring the right partners around the right programs to enrich the lives of Indiana students. These programs provide students with hands-on, experiential learning focused on the core disciplines of STEM. In addition, students develop skills crucial to success in the modern workplace such as creativity, critical thinking, communication, and collaboration.

WHO WE SERVE

Our priority population is students who are:

Resource Limited

Female

Students of Color

On average, we impact ~30,000 students annually:

45%

Are Resource Limited

35%

Are Female

24%

Are Students of Color

PROGRAMS

Our programs serve students in all 92 Indiana counties

In school STEM Programs

Out of School STEM Programs

STEM Mentor Programs

Work-Based Learning Programs

WHAT TEACHERS ARE SAYING

A prior year robotics student recently contacted me to report that she is now taking PLTW and STEM classes that she would have never taken otherwise!

- ROBOT TEACHER, DEPUTY ELEMENTARY SCHOOL, DEPUTY, IN

Robotics reaches so many kids who have struggled to find their niche and has sparked interest in so many who have a passion for science, coding, and engineering.

- TEACHER, BROWNSBURG EAST MS, BROWNSBURG, IN

My students and I love how our STEM Partner shares various perspectives on STEM topics. The additional support during STEM activities is invaluable and greatly appreciated...

- TEACHER, ALLISONVILLE ELEMENTARY SCHOOL, INDIANAPOLIS, IN

STEM SUCCESS PATHWAY

1

Becoming
Aware,
Interested,
& Inspired

2

Gaining STEM
Knowledge,
Skills, &
Confidence

3

Achieving
Career Access,
Competency,
& Success

WHAT WE WANT FOR STUDENTS

TPF4Y gives Indiana students a proven framework to succeed in STEM. Our programs are designed to put students on a pathway to success by sparking curiosity, building confidence and encouraging STEM career exploration.
